

# Jean Luc Habimana

A Software engineering Student

## About

Dynamic and dedicated Software Engineer with a strong foundation in C, Python, HTML, CSS, and JavaScript. Proven expertise in Git, GitHub, Linux, and Cloud Computing. Eager to expand knowledge of AI and become a leader in the field. Seeking a collaborative and supportive team to contribute strengths and learn from others, with a focus on achieving goals together. Passionate about mastering both front-end and back-end technologies, continuously learning new programming languages and gaining practical experience through internships and personal projects to stay ahead in the ever-evolving tech industry.
